Speaker Series

IS GOD ABOVE THE LAW?

TUESDAY, JUNE 7 @ 7 PM - Is the natural law objective and immutable, or can God overrule it whenever he pleases? If the natural law is objective and immutable, what should we make of God's commanding Abraham to kill Isaac? And why is God "allowed" to inflict evils on us that the natural law forbids us to inflict on each other?

More information about this talk next week.

HE GAVE US THIS LAND FLOWING WITH MILK AND HONEY

In the first reading, Moses directs the people in a ritual thanksgiving to acknowledge that it is GOD who gave them their land and that the first fruits which they are to offer are products of the soil which the Lord had given them.

In the second reading, we are reminded that as we believe deep in our hearts that Jesus is Lord, raised from the dead and with God, and confess this from our hearts, God justifies, saves, and enriches all who call upon Him. It is a persistent theme that it is from God alone that all good things come, including our very salvation.

In the Gospel, Jesus, led by the Holy Spirit, goes out to the desert where Satan tempts him to betray his calling and use His spiritual power for personal gain and admiration - which Jesus rejects. We need to follow Jesus' example and not let the attraction of this world distract us from our calling to love God and to be deeply grateful for all he has given us.

Lent calls us to move beyond focusing on our own comfort and to be open to His calling to love one another, to protect and advocate for the most vulnerable and to care for earth, our "common home," which is suffering from careless use resulting in climate change.

In *Laudato Si'*, Pope Francis reminds us that the "worst impact (of climate change) will probably be felt by developing countries in coming decades. Many of the poor live in areas particularly affected by phenomena related to warming ... There has been a tragic rise in the number of migrants seeking to flee from the growing poverty caused by environmental degradation. (LS25)

The Lenten fast can be about more than giving up candy, alcohol, or TV. For us it could be gratitude for the abundance we enjoy and being careful with our resources.

"A person who could afford to spend and consume more but regularly uses less heating and wears warmer clothes, shows the kind of convictions and attitudes which help to protect the environment. There is a nobility in the duty to care for creation through little

daily actions [that] reflect a generous and worthy creativity which brings out the best in human beings." (LS211) A Lenten "fast" can be any practice that makes us walk more lightly on our earth.

Join our noon Thursday Zoom meeting during the weeks of Lent. We will be reading WILD HOPE. <http://bit.ly/LaudatoSiZoom>.

VISION STATEMENT St. Raymond Parish is a family. As disciples of Jesus, we are “children of God” and “brothers and sisters in Christ.” Jesus himself says, “Whoever does the will of my Father in heaven is my brother, and sister, and mother” (Matthew 12:50). We welcome all to belong to our Catholic family and to inherit with us in Christ the mission to preach the Gospel as we pray-serve-socialize in His Name.

MISSION STATEMENT St. Raymond Parish is a community united by our Catholic Faith as disciples of Jesus Christ. We seek communion with God the Father, Son, and Holy Spirit through ongoing personal and communal conversion to Christ and a deeper commitment to the mission Jesus gives each of us to preach the Gospel. The sacred scriptures and sacraments of the Church sustain us. We dedicate ourselves to Truth and strive to grow in love of God and neighbor as we pray-serve-socialize together, and work by grace to build up in one another and share freely with others the abundance of magnificent gifts God has given.
